

Dear Parents/Guardians,

Welcome to the North Carolina School Report Card for The Capitol Encore Academy (TCEA). We respect your choice of having your student attend our school and we recognize the vital role we play in your student's present and future. By sharing our Report Card with you we continue to be transparent about how we operate at TCEA and what we value at our school.

The Report Card information is for the 2017-2018 school year and is available on the NC Report Card website at www.ncpublicschools.org/src. This report card includes important information about school and student performance, class sizes, school safety, school facilities, instructional resources and teacher quality. There is also data about how schools measured against federal Annual Measurable Objectives (AMO) targets. Report card data is available for surrounding school systems as well as the state's education system as a whole.

The numbers only tell part of the story. As you are aware, The Capitol Encore Academy (TCEA) is an arts integrated public charter school. Our students are presented the state curriculum as well as five art courses to build their knowledge and global competiveness. Our staff members meet on a weekly basis to create integrated learning opportunities to engage and press our students to think beyond the curriculum presented. TCEA also utilizes the small classroom sizes as well as scheduled intervention times to create personalized learning opportunities to remediate areas of weakness as well as build on areas of strength. Our school staff plans to reach the needs of all students by creating an individual student plans for each student that guides their weekly planning.

We are excited about the growth we have seen at TCEA. Our achievement score increased by 5% and proficiency has increased by 4% in Math. This year we met expected growth for our student body. The Capitol Encore Academy is definitely on the right path and we know that by being intentional regarding and math instruction and building relationships with our students, we are poised for continued growth and success.

We are committed to providing stakeholders with all needed information about our school. Well-informed parents who participate in their children's education and school enhance the learning environment for students and educators alike. At The Capitol Encore Academy your involvement is very important to the success of our school! I encourage you to review our Report Card carefully and please feel free to contact me directly to discuss any questions/ concerns you may have regarding the Report Card.

Sincerely,

Angela M. Hill

Principal
